# e-LSP Portal

- Background
- Why a Portal?
- What will be in it?
- Quick demo
- Future Plans

# Background

- e-LSP is a Project for SEFeG funded by ODPM/DCLG
- Addressing the needs of LSPs
- Requirements workshops
- Deliverables
  - eLipse Datastore
  - **e-LSP Portal**
  - Agreement templates

# Why a Portal?

- One of the main requirements to emerge from workshops with LSP practitioner groups across the South East
- Need to share experience, knowledge and to network
- Bigger than County but National too big

# What is in the Portal?

- Guidance and Training information
- Links to National Sites
- Space for Case Studies
- Networking and Expert Contacts
- Project progress for e-LSP
- Relevant Government News feeds

# e-LSP Portal

<http://www3.hants.gov.uk/elsphomepage>

Will change to SEE site in new year

# The Future

- South East Employers will take over as editors – regular contributions from GOSE
- We will allocate an ID to each LSP and to individuals who request - only needed for contributions
- Largely it will be over to you to use it and share experience

# The Future

According to the White Paper:

The Future is “Local”

so that should give LSPs centre stage!
